**Jonathan Paul**  
FITOVERS

Founded over 20 years ago in Australia, Jonathan Paul Fitovers Eyewear originated as a solution to the intense Australian sun. Effective, comfortable, and affordable, this revolutionary fashionable, and functional "fitover" sunglass with its innovative wrap-around styling quickly caught on.

Over the years, Jonathan Paul has earned a reputation of designing the very best fitover sunglasses, complementing stylish frames with performance optics and an optimal fit, all the while maintaining an unwavering focus on the needs of the prescription eyewear user.

Fast forward to 2018, Jonathan Paul Fitovers Eyewear continues to lead the charge. This year, we're excited to introduce our most innovative model line to date, with new frame designs to support our ever-expanding product collection – continuing to set the standard in delivering optical versatility and on-the-go, lifestyle performance.
